## Food Drive Help Kit

Unbeknownst to many of us living here in Hamilton County, many of our neighbors are wondering where their next meal will be coming from. Feeding America, from their Map the Meal Gap Study, estimates there are more than 26,000 food insecure individuals in Hamilton County. Being food insecure means you don't have enough food now or uncertain access to enough food. This forces some very tough decisions, such as "Do I buy food for my children or do I pay my rent and utility bill?"

Food insecurity affects 8.2% of our county's total population and 11.7% of our children. Only 36% are likely eligible for Supplemental Nutrition Assistance Program or SNAP benefits. This increases the reliance on local groups to help.

The flip side of this stark story lies with our local food pantries. Every week over 40 + food pantries in the county open their doors. Families are not judged, but met with a friendly face, a God Bless, and needed food. Some pantries serve about 20 families a week, some well over 200. If each family receives only 20+ items each week, this adds up to 400 – 4000 items each week that each pantry must stock. Making sure those shelves are not empty is a huge burden for the pantries to bear alone.

Hamilton County Harvest Food Bank, Inc. (HCH) was established in 2009 when several of the food pantries in the county joined together and set up a new non-profit entity to assist all Hamilton County food pantries to fulfill the pantrys' food needs. We have since expanded to helping children's meal programs. We try to make sure that the food pantries can first concentrate on their most important mission, their clients.

Since our inception, we have collected and distributed over 1,300,000 lbs. of food, or more importantly 1,000,000 meals. Hamilton County schools, businesses, churches, families and more are providing the food we need through locally organized food drives. All donated food will be sorted and distributed to more than forty local pantries and meal programs at no cost to them. Many of the same volunteers who work in these local pantries and programs will graciously donate their time to serve as food bank volunteers.

We thank you so much for your interest in helping our community's less fortunate by organizing a food drive. Hopefully the following pages can answer your questions and provide the necessary items to make this as simple and beneficial as possible.

**We strongly believe that by fully working together WITH YOU we can most efficiently help those who are less fortunate within our community.**
